My Dear Sir,

An old clergyman friend in New England writes me, desiring me to make inquiry concerning the selling of a coin which he owns. He says:

"It is a silver coin, about the size of a silver dollar. It was minted in 1672, in the reign of Carolus II. G. Britain. It is in excellent preservation, scarcely at all worn. I doubt whether another of the same date can be found in this country."

He holds it at $500, but says possibly this is too high a figure. He desires me to consult you on the subject of the selling of this rare coin, — where he might dispose of it, its value, etc. Any information on this points will be thankfully received and acted on.

Very truly yours
J. R. Miller,
